IMPORTANT NOTICE 2014

TO COMPANIES AND CONTRACTORS THAT HANDLE ASBESTOS CONTAINING MATERIALS, RENOVATE OR DEMOLISH ANY STRUCTURE

SCAQMD Regulation III – Fee amendments for the Fiscal Years 2014-2015 have increased notification fees. Notifications of Asbestos Removals and Demolition of structures are subject to these new fees **effective July 1st, 2014**. The fee per [Rule 301\(o\)](#) mandates *“No notification shall be considered received pursuant to Rule 1403, unless it is accompanied by the required payment.”*

Asbestos Removal Notifications require a fee based on the amount of asbestos removed in square feet. Demolition Notifications require a fee based on the building size in square feet for total building demolitions. For partial demolition of a building the fee is based on the demolition size. Fees are per notification and additional service charge fee(s) may apply.

Initial Notifications postmarked less than 14 calendar days prior to project start date require a Special Handling Fee of **\$57.18**. NOTE: This fee is for the expeditious handling of emergency and late notifications and **is not** a waiver of the prior 10 working-days notification requirement.

Service charge for any returned check is an additional **\$25.00**. See [Rule 313\(i\)](#)

All notifications for Revisions, Emergencies, Ordered Demolitions, Procedure 4 and 5 Plans, and Cancellations require initial **faxing to 909-396-3342 follow by mailing** the original notification and fee within 48 hours of sending this fax. Faxed notifications do not replace the Original **signed** notification required by local and federal law.

Revisions to the notification increasing the asbestos amount or demolition size but remaining in the same amount/size category stated in previously submitted notification(s) require only a revision fee. Revisions to the notification in amount/size category require a revision fee plus the entire fee for the applicable amount/size category. NOTE: Any schedule change stated in the previously submitted notification(s) requires a revision fee.

Planned Renovation Notifications require a review fee of **\$641.73** and a notification fee based on the abatement project size in square feet. This includes annual notifications for nonscheduled asbestos removal.

The Procedure 4 and 5 Plans require an evaluation fee and a notification fee based on the abatement project size in square feet. There is also an Expedited Procedure 4 or 5 Fee of **\$320.86** for all expedited Procedure 4 or 5 plan evaluation requests postmarked less than 14 calendar days prior to the project start date. A Procedure 5 plan is required for any abatement project using an alternative combination of techniques and/or engineering controls to handle the asbestos containing materials or asbestos containing waste. Other projects requiring Procedure 5 Plans include but are not limited to all asbestos site clean-ups, open air abatement, and all demolitions with asbestos in place. See the [AQMD asbestos web page](#) for a Procedure-5 Plan Guideline.

SCAQMD recommends mailing your notification to save time, money, reduce traffic, energy use and air pollution. For your convenience please mail all notifications and fees to the following mailing address:
